

SANDWICH PUBLIC SCHOOLS

Proposed FY2025 Operational Budget

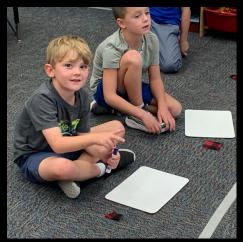

January 24, 2024

BLUE KNIGHT PRIDE

The Sandwich School Committee

Kevin Sareault, Chair Susan Miller, Ed.D., Vice Chair Kaleigh Adams Danielle Binienda Christine Brown Burt Fisher Tracey Goodwin

FROM THE SUPERINTENDENT

Dr. Joseph Maruszczak

Dear SPS Families & Community,

The current state of the Sandwich Public Schools is strong. I am so proud of our students and caring staff, as our district continues to exemplify the practices and habits of mind of a continuous cycle of improvement. Coming out of the pandemic has not been easy, as there are still areas for some students where learning gaps still exist. However, both state and local assessment data show that our students are achieving at increasingly higher levels.

For the coming 2024-25 school year (Fiscal Year 2025), our school district is proposing an operational budget of \$39,504,702, which represents a 3.22% increase (\$1,231,000) over the current fiscal year's budget of \$38,273,702. At the present time, the state revenue (Chapter 70 Aid) is projected to be absolutely flat (\$7,437,011) with a 0% increase. As a result, the burden for any increase in the district's budget once must again fall to our community, as the projected local contribution will increase by 4.00%, from \$30,765,634 to \$31,996,634, an increase of \$1,231,000. Unfortunately under the State's Funding Formula, Sandwich is considered to be a minimum aid district and our community has the maximum target share of 82.5% of the state required contribution toward the foundational budget. Thus, for the foreseeable future, we cannot anticipate any statistically significant increases in state funding.

As it is frequently, the current context for funding public K-12 education is challenging. There is still a great deal of uncertainty on state funding, as at present time the actual state revenue receipts are falling short of projected benchmarks. There has been a stabilization in the past year, but inflation is still a factor, as the cost of supplies, materials, and contracted services for our students continue to climb. Many districts across the Commonwealth have also reached a "funding cliff" in that they have become dependent on COVID-era funds for recurring expenses, such as professional staff salaries.

66 The district is deeply committed to addressing the many concerns of deferred maintenance that have accumulated... 7 That is not the case in Sandwich. The ESSER (Elementary & Secondary School Emergency Relief) funds we received were used for critical expenses in the midst of the pandemic (e.g., temporary teachers to reduce class size, health/safety and cleaning supplies) and also one-time investments in curriculum materials, upgrades to our HVAC systems, technology, and technology infrastructure. A significant portion was also used to defray the expenses of the new Forestdale and Oak Ridge playgrounds. This fact, along with appropriate fiduciary management and oversight, has left the district in a strong financial position.

As is always the case, there are several key drivers in the FY25 budget request. They are:

• Professional and Support Staff Salaries: Salaries are projected to increase by \$821,729 (2.85%) over the current

FY24 budget. The School Committee is entering negotiations with four of the district's collective bargaining units (teachers, educational support professionals, administrative assistants, and custodians). This amount includes contractual obligations such as step increases based upon seniority and educational advancements.

- **Technology:** There is a significant increase of \$203,246 (22.95%) in this cost center, the largest increase being in instructional software (\$163,303) related to the district's new elementary reading program, *American Reading Company Core*, and the district's new mathematics series, *Reveal Math* (K-6), and *i-Ready Math* (grades 7-8). Many of the curriculum materials were previously grant-funded and the district is also systematically expending the programs to new grades. An additional \$147,770 is allocated to technology equipment for the four-year cycle of refresh of SMHS educator laptops.
- Special Education: There is a decrease of \$210,670 (8.71%) in this area, largely due to a decrease in the out of district tuition being charged off to the operational budget for our students with most significant needs. As there is a one-year lag in reimbursement of Circuit Breaker funding (state funding for out-of-district students, an additional \$163,303 is being charged to Circuit Breaker.
- Student Transportation: Our contractual increase with our provider, Lucini Transportation, is tied to the Consumer Price Index (CPI) on May 1. The projected CPI is 3.7%. We have budgeted a 4% increase along with a fuel escalator which translates to \$92,430. There is also an investment of \$74,000 for the replacement of a special education van, as some in our fleet have over 300,000 miles on their odometers.
- Buildings & Grounds: There is a significant increase of \$266,680 (30.9%) to Buildings & Grounds expenses, largely due to the investment of \$200,000 for a first of a three-year plan to replace classroom carpeting with vinyl tile flooring at both the Forestdale and Oak Ridge Schools. Both schools have carpeting that is over 30 years old and this is a considerable need.

The district is deeply committed to addressing the many concerns of deferred maintenance that have accumulated though the years. While the spring 2022 \$13M debt exclusion has been instrumental in addressing large infrastructure needs such as the high school roof, elementary school boilers and HVAC systems, and building envelope repairs, there are still many repairs and upgrades that directly relate to student health and safety that need to be addressed. Like most districts across the Cape, Sandwich has experienced decreased enrollment due to two primary reasons: a decreased birth rate in town over the past ten years and the increased competition of other educational options at the high school level. While some of the losses have stabilized, we have more work to do to stem the tide. As was done for the FY24 budget, the FY25 budget features instances of right-sizing, as staffing will be appropriately commensurate with student enrollment. It is the intent of the district and School Committee to reinvest and and all efficiencies into the much needed capital improvements in our facilities to give our students the learning spaces that they deserve.

On the following pages is the Sandwich Public Schools FY25 Budget broken down each of our nine major cost centers: our three schools, Central Administration/District-Wide Expenses, Special Education, Technology, Teaching and Learning, Custodial/Maintenance, and Athletics. Also you will find salient data with respect to enrollment, staffing, class size, and student performance.

On behalf of the Sandwich School Committee, I thank you for your support and engagement in the annual budget process.

Joseph P. Maruszczak, Ed.D. Superintendent of Schools

WHAT DRIVES US

Our Mission

In partnership with families and the community, we support, inspire, and empower students to become confident lifelong learners and prepare them to be the navigators of their own futures.

Our Vision

Our vision as a "u-knighted" school community is to create a personalized learning environment that will encourage independent, inspired learners who will discover their own purpose and chart their own path.

Our Strategic Objectives

- To challenge and support each student so they may achieve success as highlighted in the *SPS Portrait of a Graduate*
- To use instructional practices that meet individual needs of all students
- To communicate regular, up-to-date feedback to all families about student progress
- To promote a culture of positivity that ensures that all students and staff feel safe, secure, engaged, challenged, and supported
- To strategically manage resources, particularly in facilities and technology, to meet the academic and social-emotional needs of our students

REVENUE & EXPENDITURE SUMMARY

ADDITIONAL FUNDING FOR THE SPS

THROUGH STATE & FEDERAL GRANTS & REVOLVING ACCOUNTS

The Sandwich Public Schools also receives entitlement grants through the federal government and the state Department of Elementary and Secondary Education (DESE) to address specific programmatic needs such as literacy instruction for students of poverty, teacher professional development, and special education. Through the outstanding efforts of our assistant superintendent and curriculum director, the district has also received considerable competitive grant funding in areas such as social-emotional learning, mental health, early childhood education, and summer and vacation week "ramp up" programs for students who need additional interventions. Additionally, the district receives funds for students that are "choiced" into the district from neighboring communities. These grants and revolving accounts are earmarked for specific purposes and expenditures that are outside of the operational budget.

STUDENT ENROLLMENT & STAFFING

SUMMARY, FY21-FY24, AND PROJECTED FY25

Based upon current trends, the district should see a slight decrease in enrollment like it did from FY23 to FY24, in the vicinity of 1-2%, with enrollment decreases at both Oak Ridge and SMHS. Based upon birth rates in 2019, Forestdale should anticipate one more K class next year. Smaller 8th grade class sizes (e.g., this year's class is 191 students) could translate in fewer students matriculating to 9th grade based upon other options. Once again, the district will ameliorate these effects through the admission of choice students, but more importantly, strengthening the many fine academic, co-curricular, and athletic offerings at the high school level.

| | Student Enrollment | | | | | | | | | | | | | | |

FORESTDALE SCHOOL

Chris Dintino Principal

Forestdale Forestdale Elementary School is a PreK-2 school of 543 students, 103 staff members which includes three sub-separate programs. These programs are Spinnaker (Autism Spectrum Disorders or related disorders), the Integrated Preschool and the School for Early Learning.

In a PreK-2 school, with all self-contained classrooms, most General Supply requests are filled with bulk supplies for teachers to create a family-like classroom environment that supports students' academic and social/emotional needs. Eighty percent of student work at Forestdale is performed using age appropriate eye/hand skills with use of manipulatives. This requires the constant replenishing of materials because of the daily wear and tear of use.

We are very fortunate to have reasonable class sizes that enable our teachers to meet individual academic and social-emotional needs. Across grades K-2 the average class sizes vary between 15-19 students. We will continue to monitor enrollment carefully, especially the incoming 2024 kindergarten class, and make appropriate adjustments if warranted.

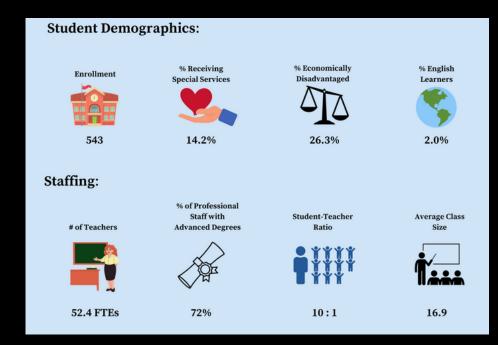

As always, it is a balance to find efficiencies while also maintaining a high level of services for our students. Through general education interventions, we are addressing student individual needs in English language arts and mathematics with small group early literacy and numeracy interventions. Investments in interventionists that the district has made have served our students well and align with district and school objectives.

Forestdale School offers before and after school enrichment opportunities for students highlighted by our morning *BOKS* (*Build Our Kids' Success*) movement program, averaging 100 students per session and our after school Crazy Eights Math Club averaging 45 participants each session.

OAK RIDGE SCHOOL

Trish Hill Principal

The Oak Ridge School serves 674 students in grades 3 through 6. Our programs and supports are designed to meet the unique needs of the intermediate aged child. With this in mind we are committed to continually assessing our students' needs and providing support to meet their needs. This can be seen not only in our School Improvement Plan but also in our budgetary requests.

As a school, we made significant strides in our academic goals, placing Oak Ridge in the top 15% in the state based on MCAS results and as the Massachusetts Department of Education (DESE) has named us as a School of Recognition. As part of our continuous cycle of improvement, we have embarked on making significant upgrades to our curriculum. We have been using the *iReady* diagnostic assessment to identify students areas for growth and now are using the *Ready Math* program to support all students by using this as our Tier I (primary) math curriculum in grades 4-6. Next year we will add grade 3 to this curriculum, creating a cohesive math curriculum from grades K-6. In addition, we have implemented the American Reading Company (ARC) Core program for literacy instruction. This program, identified by DESE as a curriculum aligned with the "science of reading" core precepts, is a high quality curriculum and helps increase our ability to make sure students have a more secure foundation in phonics as they move into the intermediate grades. Throughout the 2024-25 school year we will continue to support teacher in developing their skills and efficacy in using these tools.

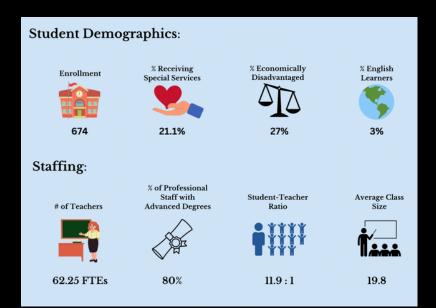

To effectively support our students with learning disabilities, as well as students who need a short term intervention, we continue to support staffing and training in the co-teaching model and intervention. Our staffing model and schedule allows for student exposure to grade level standards combined with specially designed instructional techniques. Another area of focus is around multitiered systems of support. We have made several strides in this area over the past few years, providing support through our school's reading specialist, math intervention, Orton Gillingham trained specialists, and the Transitional Learning Classroom (TLC) for social emotional learning intervention. Despite the predicted cuts to the Title I grant, we are committed to providing intervention to recover educational losses seen in recent data from the state.

In terms of supplies, increases in science and health supplies reflect updated standards and assessment models from the state. We have been able to do this while balancing out the other specials areas to maintain overall level service funding.

SANDWICH MIDDLE HIGH SCHOOL

Jeanne Nelson Interim Principal

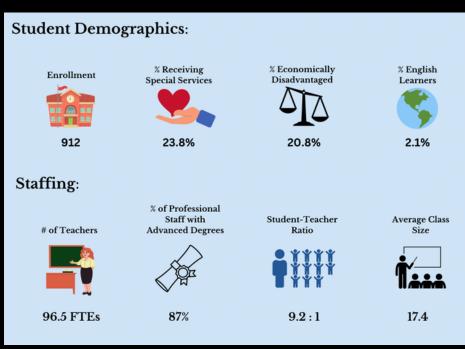

Nestled within the vibrant community of Sandwich, Massachusetts, Sandwich Middle High School proudly serves 912 students in grades 7-12. At SMHS, the rich diversity of our learners is celebrated and embraced. Here, academic, artistic and athletic pursuits converge to offer a vast collection of opportunities for every student to shine.

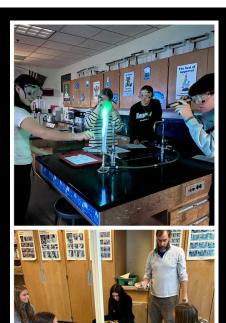

In the FY25 proposed budget for SMHS, a strategic alignment of financial resources mirrors our commitment to enhancing teaching and learning experiences. Rooted in a comprehensive vision for academic excellence, the proposed budget signifies prioritized investment in key focus areas that directly impact the educational landscape of SMHS: district-wide vertical alignment in mathematics, establishment and support of equitable learning environments to foster a sense of belonging, ongoing pedagogical development of culturally responsive practices, and the creation of a data-driven culture of decision-making.

In addition, SMHS recognizes that creating relevant, innovative pathways that provide students opportunities for real-world application to experience deeper learning is critical to its success attracting and maintaining students. The FY25 budget proposal also aligns with SMHS's preparation for the decennial accreditation visit by the New England Association of Schools and Colleges (NEASC). From empowering educators with the tools to create a dynamic learning environment, to supporting student growth and achievement, each budgetary allocation is crafted to propel SMHS towards an innovative, student-centered future.

CENTRAL ADMINISTRATION/ DISTRICT-WIDE EXPENSES

Central administration expenditures include the salaries of 6.0 FTE administrative personnel plus 11 support staff. Administrative staff include the superintendent, assistant superintendent, and administrators that oversee K-8 curriculum, technology, student support services, and business operations. There are currently 11.0 FTE support staff that offer administrative support, human resources, data management, and technology/network support to all of the district's schools. In addition to the supplies needed to support district-wide management and improvement efforts, all operational expenses related to the new central administration offices (the former Sandwich Human Services Building at 270 Quaker Meetinghouse Road) are also included in this cost center. Until January 2024, central office was housed at the former Henry T Wing School.

In this cost center, expenses related to regular and special education transportation are also presented. The most significant increase is for the replacement of one van used for special education transportation.

TEACHING & LEARNING

Dr. David Quinn Assistant Superintendent

The FY25 Sandwich Public Schools Teaching and Learning Budget is crafted with a clear vision: to empower our educators and students through strategic investments in high-quality instructional materials, professional learning, and opportunities for students to participate in learning experiences that are engaging, relevant, and enduring. The purpose of the budget is to provide the resources to create a supportive learning environment where students can create, engage, and excel in their academic pursuits and grow as people.

The budget sees a total decrease of \$29,664 (-7.8%) over FY2024, primarily due to the shift towards digital curriculum resources and identified offsets in the supplies line. We reviewed each budget account for efficiencies and savings and found opportunities in our instruction and supply lines. Some of those savings were due to the shifting nature of instructional supplies, which are now either digital or consist of "digital bundles" that include digital and physical material under one price. The professional development line is up from FY24 as we continue our elementary literacy and mathematics curriculum resource implementation.

A key context for the budget is the expiration of multiple large-scale grants. First, we received several High-Quality Instructional Materials (HQIM) grants from the Department of Elementary and Secondary Education (DESE). These grants covered a significant portion of our start-up costs for our new K - 6 literacy curriculum resource (ARC Core) and our elementary and middle school math curriculum resources (Ready Math and Reveal Math). These costs included both the materials, digital platforms, and professional learning. Additionally, we reached the end of our DESE Mental Health Grant, which funded our two social and emotional learning (SEL) assessment platforms, Panorama and the DESSA Aperture System. These significant costs are now built into the System Wide Curriculum Software account in our Technology budget, as all of these items are primarily digital resources.

In turn, there is a notable increase in the System Wide Curriculum Software of \$161,000 (98%) over FY2024. This increase factored in the expiration of HQIM grants and the integration of digital curriculum resources like *Reveal Math*, *ARC*, and *Ready Math* into our operational budget. It also addresses the expansion of *Ready Math* to students in grades K, 1 & 3. This line also funds the *i-Ready* diagnostic and *MyPath* personalized instructional resources. *i-Ready* supports educators in monitoring student progress in reading and math, while *MyPath* ensures that students have targeted, adaptive instructional supports to address areas of need. The aforementioned *DESSA* and *Panorama* SEL platform costs are also now included in this budget account.

The Teaching and Learning Budget continues prioritizing our investment in providing educators with the high-quality instructional materials needed to do their essential work. This budget also maintains our professional learning momentum in the areas of new curriculum implementation, co-teaching, data literacy, and deeper learning. Finally, this budget supports our ongoing work to create welcoming learning environments where students know they belong and have the tools to help us capture our progress. We use our budget to ensure that our critical "core work" is maintained and enhanced in our district.

SPECIAL EDUCATION

Bernard McNamara
Director of Pupil Services

The Department of Pupil Services is dedicated to meeting the unique needs of students and families in the community. We achieve this by delivering specialized instruction, related services, and educational consultations as needed for the education of our students. These services ensure that the academic, behavioral, and social-emotional needs of our students are being provided in such a way that leads our students to be college and career ready by the time they leave our district.

Our continued goal is to provide high-quality instruction to all students in the least restrictive environment possible. We make this possible by offering speech and language, occupational, and social-emotional learning services, whenever appropriate, within the general education classroom. This approach aims to maximize the benefit of their expertise and knowledge while minimizing the stigma often associated with specially designed instruction while also benefiting students that do not require special education services.

TECHNOLOGY

Bryce Harper Director of Technology

The Technology Department plays a crucial role in serving the entire district, including students, staff, faculty, and the 5000+ devices used daily for teaching and learning. For the FY25 budget, our focus remains on prioritizing infrastructure and equipment refreshes across the district.

Device Upgrades for Enhanced Learning:

Our primary concern is ensuring that computing devices assigned to teachers and students are up to date. We have a well-defined refresh plan for student and staff computing devices, allowing for a 3-4 year lifespan for student devices and a 4-year lifespan for staff devices. In FY25, we aim to implement cycle replacements for grades K-6 and full replacements for grades 7 and 10. Additionally, teaching devices for all staff in grades 7-12 will be upgraded. Lastly, we plan to replace two of our five computer labs and update aging display devices at the Forestdale School.

Enhancing Network Resilience:

Our second objective for FY25 is to enhance and optimize infrastructure to make our network more resilient. This initiative involves allocating more resources at the building level to prevent interruptions to teaching and learning in the case of issues elsewhere in the district. Our commitment is to provide a reliable and up-to-date technology environment that supports the educational journey of every student and facilitates effective teaching practices for our dedicated staff

CUSTODIAL/MAINTENANCE

Christopher George Facilities Director

The Facilities Department functions as the foundational support for all district operations. Department functions include custodial services, building & grounds maintenance, safety and security operations, as well as capital project planning and execution. Supporting four buildings totaling 625,000 square feet and approximately 26 acres of grounds, the department's main mission is to safely support the needs of the students and staff in the district's educational programs, all while maintaining district assets to optimize efficiency and capital investment.

The department is led by a Director of Facilities and assistant director who are supported by an administrative assistant to help with all procurement procedures. In total there are 17 custodians and four maintenance workers (including one electrician), two security personnel and two full time grounds maintenance specialists. There are also four part-time substitute custodians that "float" and clean central administration offices.

Significant progress has been made on the spring 2022 \$13M debt exclusion capital projects, such as the roof and building envelope repairs at SMHS, the Forestdale and Oak Ridge playgrounds, and the relocation of central office to the former Human Services Building. Those critical projects, which include upgrades to the HVAC systems of all three schools, will continue over the next two years in an expedited fashion. However, there are many issues of deferred maintenance that still need to be addressed. In this budget request, there is an additional \$200,000 in the proposed budget to address the deplorable condition of carpeting in most classrooms at Forestdale and Oak Ridge, as in many cases it is the original 30+ year carpet. This new recurring expense, planned over the next three fiscal years, is intended to replace the flooring in all classrooms with a durable vinyl tile.

ATHLETICS

Sean Donovan
Director Of Athletics &
Student Activities

Sandwich Middle High School enjoyed unmatched athletic success throughout the 2022-23 school year with another league title and state championship appearance for field hockey, a league title and consecutive third place finish for golf in the state championship, a tournament appearance and first-ever home MIAA playoff game for football, tournament appearances for girls soccer and volleyball, as well as state championship appearances for members of the cross country team.

The fall of 2023 welcomed Sandwich Middle High School into the South Shore League where we meshed seamlessly with our new opponents. We were league champions in field hockey and boys golf and made the state tournament in boys and girls soccer, volleyball, and football. The Blue Knights are picking up where they left off in the winter of 2024 where they are enjoying winning records in boys and girls basketball, boys and girls hockey, and boys and girls swimming, while wrestling and indoor track are hovering around the .500 mark.

Transportation costs are a necessity for sending our teams safely and on time to our contests both on and off Cape. We also added a subscription to HUDL for almost all of our teams (that are eligible). HUDL is an app that allows us to livestream games for our teams that play on DeConto Stadium as well as our teams that play in the gym.

Our overall goal programmatically is to continue providing first class interscholastic and instructional offerings for our student-athletes who participate in 25 varsity programs, 15 junior varsity programs, eight freshmen programs, nine middle school interscholastic programs, seven middle school instructional programs, a UNIFIED Track & Field program, and countless team & individual strength & conditioning opportunities throughout the school year.

COMPARATIVE DATA- SPS & CAPE DISTRICTS

Each year the Massachusetts Department of Elementary & Secondary Education (DESE) publishes the DART (District Analysis & Review Tool) database as a means to compare any district's demographic, assessment, student support, educator, and financial data with those of another district. the financial data includes data such as overall per pupil expenditures as well as average expenditures for teachers, administration, and facilities. What follows is financial data for the last available three fiscal years (FY20, FY21, & FY22) for the Sandwich Public Schools and all Cape districts.

EXPENDITURES- PER PUPIL IN DISTRICT

| District | FY22 | FY21 | FY20 |
|-----------------|-----------|----------|----------|
| Cape Tech | \$27,098 | \$25,750 | \$25,424 |
| Upper Cape Tech | \$26,6716 | \$25,517 | \$24,784 |
| Nauset | \$23,685 | \$22,591 | \$20,631 |
| Falmouth | \$22,874 | \$22,549 | \$19,021 |
| Dennis Yarmouth | \$22,732 | \$22,060 | \$18,486 |
| Monomoy | \$22,174 | \$21,360 | \$19,286 |
| Mashpee | \$21,677 | \$21,515 | \$19,352 |
| Sandwich | \$21,561 | \$20,688 | \$18,326 |
| Bourne | \$21,395 | \$20,905 | \$17,180 |
| Barnstable | \$19,865 | \$19,252 | \$17,444 |
| State | \$19,698 | \$18,522 | \$16,976 |
| Sturgis | \$15,013 | \$16,561 | \$15,920 |

TEACHERS COST PER PUPIL

| District | FY22 | FY21 | FY20 |
|-----------------|---------|---------|---------|
| Nauset | \$9,443 | \$8,896 | \$8,332 |
| Dennis-Yarmouth | \$8,984 | \$8,720 | \$7,573 |
| Cape Tech | \$8,963 | \$8,735 | \$8,559 |
| Upper Cape Tech | \$8,758 | \$8,213 | \$8,329 |
| Falmouth | \$8,487 | \$8,621 | \$7,342 |

| State | \$1,554 | \$1,475 | \$1,247 |
| Barnstable | \$1,515 | \$1,447 | \$1,348 |
| Nauset | \$1,419 | \$1,456 | \$1,303 |
| Bourne | \$1,170 | \$1,713 | \$1,108 |
| Sturgis | \$1,003 | \$890 | \$679 |

A RETURN ON YOUR INVESTMENT

Over thr past two years the MA Department of Elementary & Secondary Education has released the <u>Employment & Earnings of High School Graduates Report</u>. The report is a database that shows how our graduates (back to the class of 2010) and those across the state are doing as far as college completion and earnings. The data represent about 60% of alumni, as it is representative of students who have remained in state. It uses NCAA National Clearinghouse data to track students in college for any given year and DOR tax revenue data for students who work in state. Alumni that are self-employed or work out of state are not included.

While this is only a component of a data set of how college and career ready our students actually are, the initial data is clear and consistent...

SMHS GRADS OUTEARN THEIR PEERS ACROSS THE CAPE AND THE STATE

Class of 2011 Data

| District | # of grads | N employed | 2022 avg earnings |
|-----------------|------------|---------------|----------------------|
| Sandwich | 222 | 123 | \$69,079 |
